

OFFICE OF THE DIRECTOR

Date:

4 February 1974

To: CB
Thru: C/D&E

Subject: Our work on ESP

Remarks:

At the morning meeting on 4 February, I advised Duckett and Steininger that we had received several requests for information or briefings relative to what we were doing in the ESP world. I indicated that it was my policy to deny any information to outsiders, although we would be happy to keep internal offices appropriately advised. Neither Steininger nor Duckett saw anything wrong with that position.
